Union School System Defeated By 9 Votes In Fourth District

Slim Majority in Fourth District Kills Big Majorities in Other Three

OLD SYSTEM IS RETAINED

Legislature Will Be Asked to Permit City at Large to Vote on Change

HOW THEY VOTED		
ON CITY PLAN		
District	Yes	No
First	182	2
Second	141	8
Third	107	20
Fourth	46	55
Total	476	85
ON ELECTION BOARD		
District	Yes	No
First	178	4
Second	139	9
Third	120	15
Fourth	45	57
Total	482	85

Although 476 of the 578 persons who voted in the referendum on adoption of the union school system on Friday favored the city plan, the union school system was defeated because in the Fourth district the proposal to change was lost by nine votes. The First, Second and Third districts voted to adopt the city plan by huge majorities but in the Fourth district the proposal was defeated, 55 to 46. Inasmuch as all four districts did not adopt the city plan, it was defeated. The total vote in the city was 476 for the city school plan and 85 opposed.

Lack of organization in the Fourth district where the vote was 55 for the plan and 2 opposed. In the Second district the vote was 141 for the city plan and 8 opposed while in the Third district 107 voted for the city plan and only 20 voted against it. The majorities for making the board of education elective were about the same in all three districts and this question was voted down in the Fourth district, 57 to 46.

It is felt now by educators if slightly more effort to get out the vote was made in the Fourth district, where it was feared the proposal would be defeated, the union school plan probably would have been adopted.

The only recourse now left is to go to legislature for permission to have the city at large vote on adopting the union system. It is believed that if the law can be changed so that a majority of all the voters can determine the question, the union plan will be adopted without difficulty.

This Piano Went in Fast Time—

One day was the time required for a Post-Crescent ad to sell an upright piano for Mrs. E. Arne, 700 Locust st.

Mrs. Arne put an ad in the classified columns of the Post-Crescent that she had an upright piano, mahogany case and in A-1 condition for sale.

She had no difficulty in effecting the sale in a few hours.

If YOU want to make a quick sale of anything—call the Post-Crescent and ask for an ad-taker.

"DO YOUR CHRISTMAS MAILING EARLY," NEW WILL URGE ON RADIO

Washington, D. C.—Unprecedented efforts will be made during the next few weeks to persuade every one to "mail early for Christmas." The campaign will be opened by Postmaster General New when he goes on the air next Monday evening from a Washington radio station to broadcast an appeal that the postal workers be permitted to have their day at home Christmas day, by everyone posting their gifts, cards and letters so as to permit delivery before the holiday.

Wisconsin Socialist Approves Action of Republican Caucus

By Associated Press
Milwaukee—Victor L. Berger, representative in congress, who leaves here Saturday for Washington, expressed the opinion that the Republican party had acted properly in reading Senator La Follette, La Follette, Frazier and Brookhart out of the party.

"It was absolutely proper for the Republican senatorial caucus to read Senators La Follette, La Follette, Frazier and Brookhart out of the party, because, as I take it, only a Republican has the right to belong to the Republican party and only a Democrat has the right to belong to the Democratic party," Mr. Berger said.

"Senator La Follette has taught the Republican party and left it, there is no doubt about that."

"The senators hurled by the Washington caucus have made speeches in which they charged that the Republican party is corrupt, operates as an enemy of the common people, the farmers and the workers."

"They have done all they could to defeat the Republican party. Now, I agree with what they have said but, on the other hand, the Republicans have a right to their opinions and to their organization. There is just as much cause and reason to keep Senator La Follette out of the Republican caucus as there would be to keep me out, if I claimed to be a Republican."

Representative Berger was elected on the Socialist ticket, after a close race in his district.

BOTH NEGLIGENCE; NEITHER RECOVERS

The jury in circuit court, trying the automobile damage suit of A. W. Priest vs. Valley Dairy Products company of Appleton, Friday rendered a verdict making it impossible for either party to collect damages. For both were found negligent. The plaintiff, represented by A. C. Bosser, had demanded \$15,000 damages, while the defendant, represented by Homer Benton had filed a counterclaim covering the damages to their truck. The jury decision was in the form of a special verdict of nine questions and answers. The case was begun on Wednesday and the testimony was completed the same day, but the case was held open until after Thanksgiving day.

FORMER MINISTER GETS 5 YEARS IN ABDUCTION

By Associated Press
Nowa, Okla.—Joseph E. Yeats, former Allouez, Okla., minister, was sentenced to five years in the penitentiary in state district court here Saturday when he was found guilty of abduction in connection with his elopement with 15-year-old member of his church choir. The jury deliberated 15 minutes.

FRENCH DEBT CONCLAVE IS SET FOR DEC. 1

Informal Exchanges Progress to Point Where Matter Is Ready for Discussion

By Associated Press
Washington, D. C.—Informal exchanges looking to a refunding settlement of the French debt to the United States have progressed to the point where the matter will be laid before the full membership of the American Debt commission for discussion at a meeting called for Dec. 1.

Secretary Mellon called the meeting of the commission Friday shortly after it had become known that the treasury had held a series of informal conferences recently with M. Jusserand on the subject of his government's wartime obligation to the United States, which ranks second in amount to the British debt, already refunded.

The result of these conversations to guide commission in the matter is understood to be chiefly in the nature of a clarification of the fiscal position of the French government in its bearing on a possible basis for formal negotiations. While the commission at this meeting, the first in six months is expected to do little more in regard to the French debt than to enter the situation in the light of the recent conversations, it is believed these eventually will lead to tangible results.

NEW YORK POLICE WATCH TONG FIGHT

Officials Prepared to Take Drastic Measures to Prevent Bloodshed

By Associated Press
New York—Police were prepared Saturday to take drastic measures to prevent further bloodshed in the renewed hostilities between members of the Chinese tong.

Several hours before the end of an armistice between the Hip Sing and the On Leong Thursday, Chong Fook, a member of the Hip Sing, was shot to death in a Bronx laundry. Within 36 hours two other men were seriously wounded and one was stabbed to death as he slept in a Chinese tenement.

Cok Un was the man stabbed to death and the two who were shot through the abdomen in their Brooklyn laundry were Gong Sing and Tom Hong. Neither is expected to recover. Hong was a Hip Sing and Sing was the son of an On Leong, who told police that bullets which struck his son were intended for him. Sing is a cousin of Chong Fook.

HOLD WITNESS IN INDIAN PRINCE-BLACKMAIL CASE

By Associated Press
London—William Cooper Hobbs, dapper solicitor whose testimony in the Robinson suit involving the alleged blackmailing of an unnamed Indian prince was one of the big sensations of the trial, appeared in Bow street police court Saturday charged with receiving stolen property abroad. The magistrate ordered him remanded. The charge was that Hobbs received on Dec. 27, 1919 a check for 150,000 pounds which had been stolen.

PADEREWSKI OFFERED MINISTRY TO AMERICA

By Associated Press
Warsaw—Ignace Jan Paderewski, the great pianist and former president of Poland, is to be offered the post of minister to the United States. It is rumored in political circles. His acceptance, however, is considered very doubtful.

M. Paderewski and his wife are expected to arrive here Saturday.

MASTER CROOK STARTS TRIP TO FACE COURT

Return of Three New Indictments Increases Required Bond to \$100,000

CHANGE TRAVEL PLANS

Honduras Was Ultimate Destination of Fugitive, Prosecution Believes

By Associated Press
Chicago—More than \$100,000 in bonds must be filed by Leo Koretz, master swindler, to obtain his release on bail after his arrival here from Halifax, N. S., which he left Friday night on the steamship Coronado bound for New York, according to reports received here.

Return Friday of three new indictments against Koretz raised the total bonds necessary for his release to that figure. State's Attorney Crowe said. The indictments charged Koretz with obtaining \$4,000,000 each from two persons who invested in his oil schemes and \$11,500 from another. Ferdinand Koretz, his brother, a member of the grand jury which voted the true bills, retired while the jurors took action.

Belief that Honduras was intended by Koretz as his ultimate refuge, was expressed by Maurice Berks, counsel for the Chicago Title and Trust Co. receiver, who said Koretz had engaged steamship accommodations costing \$1,000 on a boat leaving Quebec Jan. 3.

SEN. WOMEN'S NAMES

Names of two women for whom reservations also had been made are sought by Mr. Berkson, on the theory they may be able to tell where Koretz had hidden stores of money.

Koretz was spirited out of the country last in Halifax and taken aboard the steamer by John Sparhawk and Thomas Marshall, assistant state attorneys, according to dispatches to the Chicago Tribune. Previous plans were for his departure with officers and newspapermen in a special car at 8 o'clock Saturday morning. The steamer was scheduled to arrive in New York Sunday night.

There Koretz, as Lou Keyte, had bank deposits and owned a bookshop and from there he disappeared last December. Whether the prosecutors with him planned a search for any hidden assets there before coming to Chicago, was not disclosed.

LENROOT TAKES WIFE TO CONSULT MAYOS

Superior—Senator and Mrs. Irvine Lenroot Friday night left for Rochester, Minn., where Mrs. Lenroot who has been suffering from a nervous disorder at her home here for some time, will consult with the Mayo doctors. They will not return to Superior but will go directly to Washington for the short session of congress which opens next week, the senator said.

Mrs. Lenroot was stricken at Madison last August and since then she has been in very poor health. Her condition is declared to be serious.

Furnace Death Suspect Is Held In Fond du Lac

Fond du Lac—A man who gave the name of Fred Johnson was picked up here Friday afternoon and questioned in connection with the Mrs. Addie Sheatsley "Are death" at Columbus, O.

He was unable to give an accurate account of himself, according to the police. Suspicion was first directed to him by his attire. He wore corduroy trousers and an army shirt, which are said to tally with the garb of a man sought for questioning in connection with the supposed slaying.

When questioned, he refused to talk, except to tell officers that the only time he was in Ohio was while he was in an army training camp.

A man was seen in the neighborhood of the Sheatsley home on the day the body of Mrs. Sheatsley was found in the furnace. He vanished and police have been unable to find a trace of him, according to word from Columbus police.

The man held here was ordered held for ten days on a charge of vagrancy. He was to be questioned further Saturday. Measurements are to be taken and submitted to the Columbus police.

SECOND AUTOPSY FAILS TO SOLVE BANKER'S DEATH

Authorities Will Examine Unnamed Witness in Probe of Fee Mystery

By Associated Press
San Gabriel, Calif.—Sheriff W. A. Shay and Deputy District Attorney Thompson left here Saturday without revealing what, if any, new evidence of importance they had obtained through a second autopsy on the body of William R. Fee, slain bank president, or through the opening of a safe deposit box held jointly by Fee and Miss Mary Watkins, an affectionate friend near whose San Bernardino mountain cabin his body was found late Tuesday.

"We must examine one more witness, whom I am not free to name," said Thompson. "Before I can tell whether our work will help to solve the mystery of Fee's death."

Fee's will was taken from his personal safe deposit box late Friday and was found to bequeath his estate to his widow and his daughter. The box he held jointly with Miss Watkins contained many letters and documents, most of which were returned to Mrs. Fee or to Miss Watkins.

Miss Watkins, Friday retained an attorney and Friday night, ill from the strain of repeated questioning about the slaying, left with him for San Bernardino where she plans to remain in seclusion.

LAWMAKERS ARE CURIOUS ABOUT TAX REDUCTION

Answer to Queries Cannot Be Given by President or Treasury Secretary

ESTIMATED SURPLUS GROWS

Government Can Decrease Expenditures and Thus Enable New Decrease

BY DAVID LAWRENCE
Copyright 1924 by the Post Pub. Co.
Washington, D. C.

Returning members of congress are showing a significant curiosity about the chances of another revision of taxes.

And they will find that the answer to their queries cannot be given them by the president or the secretary of the treasury. For tax revision depends on two unknown factors. One is the business condition of the country—a better economic situation meaning increased revenues—and the other is the spending proclivity of congress itself.

The treasury estimated last time that there would be a surplus of about \$350,000,000 but it actually came to \$505,000,000, which goes to show that the forecasts cannot be exact and that a favorable business situation and rigid economy can change a prediction materially.

Assuming that on the basis of the figures already published there is an indicated surplus of about \$70,000,000. This would not be enough to warrant a recommendation for a revision of taxes. But the experience of the past has taught that treasury estimates can be exceeded. For this reason some people have gone so far as to say there will be a \$350,000,000 surplus notwithstanding the cut that has been made by the new tax law in the expected receipts.

CAN INCREASE SURPLUS

Congress to some extent has it in its power to bring about a surplus of \$550,000,000. Economy in expenditure will do the trick. If a business man wanted to bring about a surplus at the end of a year he not only would cut down his expenses of operation but he would look for increased revenues by better business methods. The government and congress can do this by improving conditions except by omitting to disturb business and avoiding the imposition of uncertainties in one form or another. But congress can do the other. It can fall to spend large sums and it can even liquidate closely into the estimates of expenditures made by the executive departments. Presumably the budget director has done all the pruning possible but congress has been known to slash appropriations which emanate from executive departments ever since the budget system came into operation.

Sentiment among those members of the house and senate who are here for next week's session is plainly in favor of another tax cut. The argument that the executive branch of the government has been making, namely that until after the payments made on March 15, next, the exact revenue-producing capacity of the present law will not be known is recognized as sound, but it usually leads to a discussion of what the administration will do if there is a surplus. The administration insists that it has not closed the door to an extra session but it must see a substantial surplus before it can talk about tax revision. And until congress has wound up its short session on March 4, nothing will be known of the exact amount of money appropriated for government expenditures. The information needed to confirm the present judgment of the administration or to bring about a change in its decision therefore will be available about April 1, and the whole subject of an extra session and a tax cut will be mooted until those figures are available and the record of congress on economy is definitely made.

PRISONER FOUND WITH HELP OF ARMY

Sheriff Otto H. Zuehlke succeeded in locating Albert Sommers, who has been sought by authorities for some time past for abandoning his wife. Through the assistance of the war department the sheriff learned that Sommers is employed in Detroit. He then asked the sheriff at Detroit to effect Sommers' arrest. The latter has waived extradition proceedings. The sheriff Otto H. Zuehlke was sent Saturday to bring the prisoner home. Sommers left his wife about two years ago and has failed to contribute to her support, it is charged.

Give Up After Rain Of Shells

FRENCHMAN MURDERED FOR SECRET FORMULA, THEORY OF OFFICIALS

Los Angeles—Fred W. Ferrer, 40, a French chemist found stabbed to death in a Los Angeles suburban cottage Friday with an undischarged revolver by his side and a "tucky rabbit's foot" in his pocket, was killed by persons eager to gain possession of a secret formula for the manufacture of illicit liquor, according to police investigators working on the case Saturday.

Edward Eldridge, known to the police several months ago when he became involved in a shooting resulting from bootleggers' fines he paid for another person, formerly occupied the cottage where Ferrer's body was found. The place has been vacant since George Hunter and Mrs. Elsie Blackstock, friends of Eldridge, went to the cottage on Thursday to obtain a pet kitten left there.

Instead, they found Ferrer's body. They told Eldridge of their find but he did not inform the police until Friday. Ferrer was last seen on Tuesday by his wife when he left their home to keep an appointment. The appointment was not kept. Ferrer had returned home from Mexico several days ago.

LOONEY RETURNS TO FACE CHARGE OF GANG MURDER

Former Rock Island Publisher Attributes Accusations to Jealousy

By Associated Press
Chicago—John C. Looney, former publisher of the Rock Island Ill. News, a central figure in a factional conflict there that two years ago took nine lives, including that of his son, has come here from his ranch to Rock Island to face charges of murder.

Looney went to New Mexico a few days after his son was killed, Oct. 6, 1922, as he sat in an automobile in front of a hotel. A. W. Hilberg and George Holmquist, convicted of the killing, recently filed affidavits charging four prominent businessmen and numerous others with hatching a conspiracy to kill Looney, Sr., at the same time his son was slain.

An indictment charging Looney with complicity in the killing of William C. Gabel, a Rock Island saloonkeeper, was returned against Looney after he left Rock Island.

"I was tired of waiting for them to come and get me," Looney said here. "I want to clear up all this mess. I want to clear my name and that of my dead son. I want to disclose all these citizens who have vilified every body else."

An attack of tuberculosis from which he said he did not expect to recover, forced his trip to New Mexico, he said. His purpose in stopping here, he asserted, was to arrange for bonds of from \$75,000 to \$100,000 before his return Monday or Tuesday to Rock Island.

Jealousy because of his growing power in politics was responsible for the attacks on him, Looney declared. He fought back in his newspaper, a weekly, until the strife was climaxed by the death of his son and his trip to New Mexico.

PONZI ARRESTED BY IMMIGRATION SLEUTHS

By Associated Press
Boston—Charles Ponzi, promoter of the get-rich-quick scheme of four years ago, which attracted investments of many millions, was arrested early Saturday by immigration authorities on a warrant charging that he is in this country illegally. Deportation proceedings will begin immediately, it was said by Immigration Commissioner John P. Johnson.

Situation Well in Hand, Is Official Announcement in Cairo

FIFTEEN MUTINEERS SHOT

London Press Regards Egyptian Situation as Cause for Anxiety

By Associated Press
Cairo, Egypt—The surviving mutineers at Khartoum have given in to the British. It was officially announced here Saturday afternoon. The mutiny among the troops was confined to platoons of the Eleventh Sudanese and the mutineers who survived surrendered after a bombardment of the compound of the Egyptian army hospital. Two British officers were killed and eight men wounded.

The official announcement stated that the situation at Khartoum was well in hand.

The description from Khartoum of Friday's mutinous outbreak received here Saturday are different in no material respect from those made public from official sources in London Friday, according to official information here. The main body of the mutineers, the accounts state, took refuge in a building in the hospital compound which was shelled and demolished by artillery fire. One officer and fourteen men of the mutineers, and several of the British troops, were killed. The remainder of the mutineers were rounded up by the police. The behavior of the other Arab and Sudanese troops is characterized as excellent.

London—While the mutiny of Sudanese troops at Khartoum is not taken as necessarily heralding serious trouble in the Sudan, the possibilities of grave developments are not overlooked and an undercurrent of anxiety is seen in Saturday morning's press comment.

Since the British conquest of the Sudan and the subsequent establishment of order with the development of the country's resources which President Roosevelt so warmly praised it had become axiomatic here that the Sudanese had grown attached to the British rule while they despised the Egyptians.

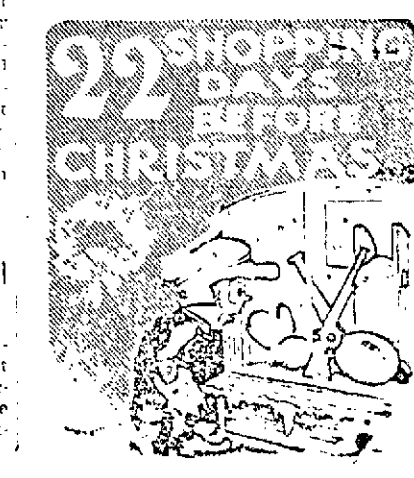

PROTAGONISTS EFFECTIVE
According to recent reports, however, the Egyptian propaganda in favor of independence has had some success in the Sudan, and uncertainty regarding the extent of that success is one of the causes of disquiet here.

In view of the severance of regular communication and a possible military censorship on such news as reaches Cairo, the public here may have to wait a while to learn the exact state of affairs and whether there is any real ground for anxiety.

The report of Lord Allenby's illness of which there are no details, is given prominence in some of the papers and according to the Daily Telegraph's diplomatic correspondent, is creating some anxiety, as on Wednesday the high commissioner was apparently well and had a lengthy interview with Premier Ziwat Fashai. The report is reiterated that the murder plots alleged to have been uncovered in Egypt were aimed at Lord Allenby.

LEBANON PRIEST WILL BE BURIED MONDAY MORNING

Father Moore Served Parish
Four Years—Was in Ser-
vice Only Seven Years

Funeral services for the Rev. Edmond Moore, pastor of St. Patrick church, Lebanon, will be held at 10 o'clock Monday morning at the church where he had served as pastor for four years. The body is to be conveyed to DeFoe for burial.

Father Moore was one of the youngest priests in Green Bay diocese. He was born Dec. 25, 1883, at Oakfield and therefore would have been 31 years old on Christmas day. His death occurred at 4:30 Friday morning at St. Patrick rectory following a week's illness. He contracted pneumonia and complications developed.

When 14 years old Father Moore entered Mount Calvary seminary. He spent seven years there and then went to St. Francis seminary, Milwaukee, to finish his education. He was ordained in 1915 and celebrated his first mass at Wabeno, where his parents reside.

KILLOREN'S CAR TAKEN BY THIEVES

A Ford coupe belonging to E. A. Killoren, 1155 Harris-st., was stolen Friday afternoon while it was parked near the Langstad-Meyer company garage on Washington-st. Automobile thefts have been so frequent in this vicinity of late as to suggest the presence of a "ring" operating in this section of the state. Appleton police immediately communicated the news of the theft to various cities of the Fox River valley and other parts of the state. The car was taken away between 2:10 and 4:20 Friday afternoon. It is a 1923 model, has a black body, Firestone tires, and bore license number B-48-568 and motor number 7799469.

Mr. and Mrs. W. H. Kilpel and family of Milwaukee are visiting at the home of Mr. and Mrs. George Merkel.

MASONIC TEMPLE INSPECTION DRAWS THROG OF 3,500

Beauty of Building's Interior Is
Source of Admiration by
Visitors

Thirty-five hundred Appleton people visited the new Masonic temple during the open house periods Friday afternoon and evening. About 1,800 persons were in the building in the evening and the remainder in the afternoon.

Formal dedication ceremonies were started at 3 o'clock Saturday afternoon by officers of the Wisconsin grand lodge. A private program was conducted in the main hall and another program also was in progress at the same time in the social hall for women. The banquet at 5:30 and the ball in the evening are to conclude the ceremonies. Hundreds of Masons and their wives from neighboring cities are here to share the activities.

SURPRISED AT GRANDEUR

Considerable admiration was voiced by the public for the interior of the temple. Usually the expressions were those of surprise when it was evident that the hand of the artist was seen everywhere in a perfect blending of colors and design in the walls and furnishings alike.

Members of the lodge acted as ushers to the throng, showing them through each story of the temple. The crowd was so immense that it was necessary to keep them moving in two lines, one incoming and the other outgoing. The visitors were directed to the basement first to see the banquet room, model kitchen and social parlor. They next ascended the large circular stairway to the social hall. The stage was set beautifully with drapings and palms with soft colored lights playing upon the leaves. Women's parlors off the hall, beautifully furnished, were included in the inspection and before each left the hall punch was served.

LIKED LODGEROOMS

Lounging rooms on the main floor then were shown and the crowds were directed up the stairway to the sitting room of the lodge chambers. They passed a grandfather clock and a steamer trunk, a curio of the early day which occupied the first landing. The beauty of the large lodgeroom

In the east wing and the auxiliary lodge quarters in the south wing brought many exclamations of pleasure. The large room had a combination of plants and drapes on its rostrum illuminated by subdued lights and the organ loft was banked with ferns where similar lighting was arranged. The inspection journey ended on the mezzanine floor where the card and billiard rooms are located. Everywhere about the building were large bouquets of chrysanthemums and other flowers bearing cards of congratulation from fraternal organizations in and near Appleton, the builders and others.

BUILDING PERMITS

A building permit was obtained at the city hall Friday by the Wisconsin Traction, Light, Heat and Power company for the purpose of remodeling its motorbus garage at the rear of the car barns on Lake-st.

WEICKERT AGAIN IS ELECTED HEAD OF HOLSTEIN MEN

County Breeders Association
Makes Plans for Sale
Next Spring

Walter Weickert of Center was re-elected president of the Outagamie County Holstein Breeders association at its annual meeting held Friday afternoon in the council chambers of the city hall. He was elected on the first ballot over two other candidates, R. J. Schaefer and Nick Patzner.

Edward O. Mueller, Grand Chute, was re-elected secretary and treasurer on a motion to suspend the rules and cast a unanimous ballot. Fred Melchert of Seymour was placed on the executive committee in place of Edward Zeh of Grand Chute in order to give the northern part of the county representation on the committee. The other members of the committee are R. J. Schaefer, Greenville; Malachi Ryan, Buchanan; Edward Sasmann, Black Creek; William Winkler, Dale; George Schaefer, Greenville.

PICKS VICE PRESIDENT

Choosing of the vice president of the association was left to the officers and the executive committee. A vice president will be appointed in each town in order to look after the interests of Holstein breeders in that territory. President Weickert was authorized to represent the association at the annual meeting of the Wisconsin Holstein Breeders association with which the county organization is affiliated. In the event that it will be impossible for him to attend he may appoint an alternate delegate.

The association voted to pay the annual dues of \$60 to the state association. This makes every member of the county organization a member of the state association and entitles him to the news bulletins on markets and sales and other news of interest to Holstein breeders that are sent out regularly from state headquarters. "The money" was used partly to advertise Wisconsin dairymen.

Attention was called to the fact that Wisconsin Holstein cattle have been on exhibition this year at many of the important shows of the middle west and other parts of the country. Wisconsin, through her Holstein associations, sent a Wisconsin Holstein herd the winners at the national dairy show at the Pacific International Dairy show at Portland, Ore., Wisconsin won the state herd prize, all the championships, nine first prizes in the open classes and three first prizes in the groups.

The county association decided to hold another Holstein sale next spring and set the date for the first week in May. An attempt was made by Walter Steffensen of Appleton to have a flat rate charged against all the members for the expenses of the sale instead of the present method of charging a percentage of the proceeds obtained, but association voted against the plan. Mr. Steffensen argued that under present conditions the owner of the best grade of cattle is required to pay almost all the expenses of the sale.

Members were urged to help advertise the bull sale which will be held under the auspices of the association Dec. 3 in Dr. William Madison's barn on Washington-st. Fourteen breeders have consigned 29 bulls ranging in age from 7 months to more than a year.

POLICE SEEK RELATIVES OF MAN DEAD IN FLORIDA

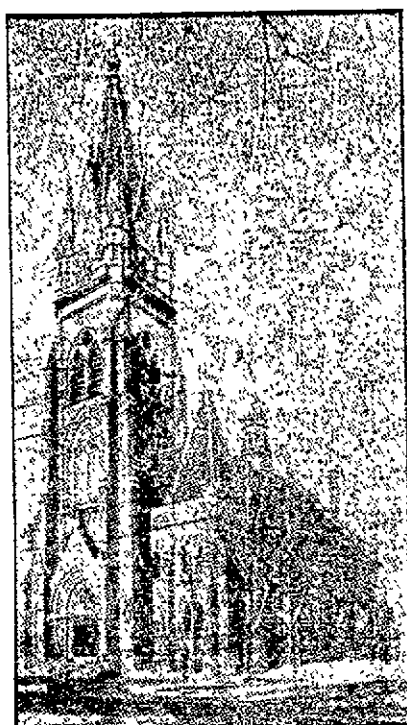

Appleton police are endeavoring to locate relatives of a man who died in 1923. He, and who is believed to have relatives living in or near Appleton. **An Ideal
6 1/2% Savings
Investment**

Wisconsin Electric Power Company's super-safe Lakeside 6 1/2% cumulative, preferred shares cost \$100 each, payable all cash or \$5 monthly per share.

They pay \$6.50 a year cash dividends; checks mailed to shareholders Jan. 1, April 1, July 1 and Oct. 1, each year.

They are always quickly salable, in case of need, at 100 each, less \$1 resale charge.

They offer an ideal method of getting 6 1/2% interest on current monthly savings.

We are selling a \$1,000,000 issue, with the State's approval, to finance growth for the coming year.

The buyer of one share on \$5 monthly payments is as welcome as the buyer of 100 shares for cash. Our aim is to finance the growth of Wisconsin's largest Public Utility group here at home, and to gain each year several thousand new home partners, with a pocket interest in helping us increase the business.

Call, write or telephone 1005 for details. Mail orders filled by registered letter.

SENIOR AUCTION RAISES \$688 TO HELP CITY'S POOR

Annual Sale of High School Seniors Is Considered Huge Success

The senior class of Appleton high school raised \$688.75 at the annual senior class auction Wednesday afternoon, held to help and cheer the needy at Thanksgiving. Wednesday evening 59 families were sent barrels and baskets, containing food, clothing, and other articles. Lee C. Reay, principal, said Friday morning that after the Thanksgiving bills were paid about \$250 was left. This will be used to buy clothing and food for needy families and to give medical aid to students for the rest of the winter.

The auction, from all angles, was a huge success, and while there weren't as many student pools as in former years, about the same amount of money was raised.

AUCTION IN COSTUME
The auctioneers, C. Willard Cross and Warren Wright, dressed in oriental costumes, made a grand entrance, accompanied by eight girls, who acted as messengers. They, too, were dressed in oriental costumes. The back of the rostrum was made to look like an oriental tent by clever draping of crepe paper strips. Miss Doris Buchanan and her committee had charge of the decorations.

The messengers were Esther Hagen, Florence Schultz, Ruth Hagen, Evelyn Court, Minnie VanWyk, Miriam Peabody, Alberta Schulties and Elizabeth Prell. Another group of senior girls, dressed as maids, sold Eskimo pies.

The 1918 model Buick was sold to the manual training department of the high school for \$80. Candy, fruit and baked goods were most plentiful and brought high prices.

GET BIG PRICES
Apples sold at \$3.50 a peck, candy at an equally good price and cream puffs at an average of \$3.50 a dozen. The home economics department made about 80 pounds of candy and students and towns people donated about 500 pounds.

The students formed pools and dressed in costumes. Thus there were clowns, colored people, maids, overalls and sunbonnet girls and others whose costumes were so wild they were hard to define.

Miss May Webster of the commercial department and her committee handled the financial end of the auction. A small booth was built on side of the assembly and all money was taken there by the messengers who delivered the goods.

28-POUND TURK FOR MARINETTE FOOTBALL SQUAD

To celebrate the victory over Appleton high school, the Marinette football squad had a Thanksgiving dinner in the French room of Conway hotel Thursday night. The thirty men broke training after six weeks and a twenty-eight pound turkey, with everything that goes with it, was consumed. A short program of songs and talks by the coach and members of the team concluded the program.

HEALTH NURSE IS GIVEN NEW CAR

The old "health bus" of the county has again changed ownership, and a new Hudson coach has been purchased for the use of Miss Marie Klein as county nurse. The old sedan became the property of the county several years ago as a gift from the Red Cross. It was then a second-hand car. Under the operation of Miss Klein and Miss Bertha Schultz, former county nurse, the vehicle traveled about 30,000 miles. The car frequently had to be sent to the garage for repairs. One day after a county supervisor fruitlessly tried for half an hour to start the car for the nurse, it was proposed to the county board to purchase a new one. The new coach cost \$1,645, and \$200 was allowed on the sedan. The purchase was made by the county health committee.

COUNTRY ROADS IN BAD SHAPE AFTER WET SPELL

Roads in rural districts are in deplorable condition as a result of the rain and snow, followed by frost. Although there is little complaint over the gravelled highways, the dirt roads are very rough. Ruts in some of them are so deep that when automobile wheels once get into them it is difficult for them to get out.

FORM WORLD SERVICE COMMITTEE IN APPLETON

To inform students and citizens of important world problems, and to create active interest in them, is the purpose of the World Service, organized in Appleton by A. W. Hanson of New York.

Prof. Robert H. Hannum is chairman of the organization. Other members include Herbert Helig of the vocational school; Dr. Virgil Scott, representing the ministers; John Trautmann, representing businessmen; Reed Havens, representing students.

The commission will discuss international problems, such as immigration and foreign trade. It is a practical experiment to seek the opinions of the public on problems involving foreign political relations. Appleton is not alone in this movement, thirty other communities in scattered parts of the United States having established commissions of this type.

ZION SCHOOL CHILDREN PUT ON THANKS PROGRAM

Teachers and friends of Zion Lutheran school children attended an interesting program relating to Thanksgiving festivities which was presented from 3 to 4 o'clock Wednesday afternoon in the school house. A dialogue, "The Puritan Maidens" was given by pupils of the fourth and fifth grades, and a playlet, "A Visit of Dr. Common Sense" was put on by boys and girls of the sixth grade.

Songs by the whole school were features of the program, and a special march drill, directed by Miss Dorothy and Miss Clara Thimer, was enthusiastically received. Miss Eva Mollenbruch accompanied the marching on the piano. Songs on the piano and on the violin were given by two other pupils. Miss Anna Huber's class gave some excellent readings.

POSTAL CLERKS GET HELP FROM UNIONS

Trades and Labor Council Indorses Better Pay for Postal Employees

Appleton Trades and Labor council Wednesday evening joined the movement that has for its aim the increase of postal clerk's salaries. The bill vetoed by President Coolidge will be up again for consideration at the session of congress starting next week and an attempt will be made to either reshape the bill or pass it over the president's veto.

The local labor council not only indorsed the bill but instructed its secretary to communicate with United States senators and congressman from Wisconsin to urge their support. The maximum salary for letter carriers and clerks is \$1,800 a year. That is the maximum only, and considerable above the average paid. It is less than the budget compiled by the department of labor for average American family. It was pointed out. The labor council also indorsed the passage of the Eagles old age pension bill along the lines of the Garey bill of the 1923 session.

HIGH SCHOOL MAKES COSTUMES FOR PLAY

A great many of the costumes used in "The Nautical Knot," the light opera that the glee club and orchestra of Appleton high school will give Dec. 5 in Lawrence Memorial chapel, are made by the home economics department of the high school. Carl McKee, who is directing the musical parts of the opera, said Friday morning that the students were given every possible opportunity to take part in the actual producing of it.

The Oney Johnston post of the American legion has given much assistance in getting a number of sailor

suits for the boys who take part. The opera is a story of the sea in two acts, the scenes being laid on the quay of a fishing village.

A chorus of 150 voices, a cast of 18 persons and an orchestra of 15 musicians will be used. Miss Ruth McKennan of the high school dramatic department is directing the singing. Lighting effects are managed by Harold Zuehlke and Reynolds Chailoner. Sam Zuesman has charge of the publicity. Some of the girls are designing their own costumes for the specialty numbers that are a part of the entertainment.

SLIPPERY STREETS MEAN LITTLE TO THIS DRIVER

Mandos Arlene, a Brillion automobile, was driving on the slippery pavement on Rankin-st Friday morning at the rate of 28 miles an hour, according to the charge filed against him by Carl Radtke, city motor vehicle officer, who made the arrest. The driver paid the usual fine of \$10 with \$2.20 in costs in municipal court.

Lawrence Cage Squad Starts Regular Work For Opener On Dec. 17

Less Than Three Weeks of Drill Between Now and Opening of Hardest Schedule in History

With Milton college due to invade Appleton for the opening game of the Lawrence basketball schedule on Dec. 17 Coach A. C. Denney Monday afternoon will start intensive drill with a squad of 25 men. Less than three weeks remain to prepare for the opener, but most of Denney's regulars have been on the floor three times a week for more than a month while the rest were playing football. The recent class tournament brought out several good men, and will be included in the squad of 25.

It is Denney's intention to have his freshmen work with the regulars despite the Midwest conference ruling which has them from actual play until after their first semester. This will keep them in shape, accustom them to playing with the regular squad and allow them to step in as soon as the rules permit.

GRIDDERS TURN OUT
Eddie Kotal, Pete Brisse and "Snooks" Heideman Monday will turn out with their mates on the basketball courts for the first time this year. They have been playing on the regular football squad and are excellent shapes, with the exception of Brisse, whose shoulder is stiff from an injury received on the gridiron before the Beloit game.

Ashman, Cosnub, Groves, Collinge, Hubert, Clark and Haren have been working three times a week for more than a month, and prospects look good for Lawrence despite the hardest schedule in the history of the college.

KIMBERLY-CLARK BOWLS TO OCONTO
Kimberly — Kimberly-Clark Athletics of Kimberly were defeated by the American Legion team of Oconto at Oconto Wednesday evening.

The score at the end of the first period was Kimberly-Clark 6, Oconto 2.

The final score was Oconto 20, K. C. 12.

The game was fast from the start to finish. The first half was clearly Kimberly-Clark's, their defense being practically impenetrable, only one field goal being secured, by Borgstrom, to three for K. C. Loose, Koll and Roetacher each securing one.

The second half was Oconto's. Although the K. C. team showed the earmarks of professionalism they were unable to stand up under the vicious attack of the Legionnaires. The game has been booked with Oconto, to be played at the Kimberly club house, Wednesday, Jan. 21.

The following men composed the lineup of the two teams:
L. F. Loose — Gratz, L. F.
R. F. Koll — Borgstrom, R. F.
C. Cook — Roetacher, C. F.
L. G. Clark (Schuler) — Rond, R. G.

Liver Punch Tunney's Most Effective Blow
Champ Calls His Wallop Brand New Stuff and Says It's More Effective Than Solar Plexus

A new punch has been introduced in the boxing game—the liver punch. It is the first new punch since Bob Fitzsimmons exploded his famous solar plexus in Jim Corbett's mid-section at Carson City, Nev., back in the late '90's.

Gene Tunney, light heavyweight champion of America, is the author of the new punch. In reality it is a variation of the solar plexus. The attack is centered on the same region. Instead of firing directly at the solar plexus, Tunney's shifts somewhat to the side and strikes the liver.

Tunney, analyst and thinker, claims to have gone into minute detail with experts on the effect of various punches. His investigations led him to the liver punch. "I don't blow when properly and fully landed," he says, "as the solar plexus or complete solar plexus." Indeed Tunney's liver punch was dropped by a liver punch in his fight at the Polo Grounds last summer. Tunney caught the Frenchman coming in and hooked a left to the liver. Carpentier dropped to the canvas, writhing with pain and claiming a foul. It was half an hour before he was himself again.

GREATEST THRILL
Tunney says he got his greatest thrill in that fight. It was a sort of negative thrill. Tunney had heard much of Carpentier's great right hand. "What's more he had seen the Frenchman drop Lewis with it and send Dempsey scampering backward across the ring."

INDUSTRIES AND CHURCHES BUILD BOWLING LEAGUES

Meeting Is Called for Saturday Evening to Form Industrial Loop

Two new bowling leagues are in process of formation under the auspices of the Appleton Y. M. C. A. Representatives of prospective members of an industrial league will meet at 7:30 Saturday evening in the Y. M. C. A. to complete arrangements and adopt a schedule, and two churches have signified their willingness to enter an interchurch league.

Thimany Pulp and Paper Co., Appleton Wire Works, Interlake Pulp and Paper Co., Tuttle Press, Langstadt and Meyer Co. and Combined Locks Paper Co. are expected to have representatives at Saturday night's meeting. Emmanuel Evangelical church and the Presbyterian church here have taken preliminary steps to form a league, and as soon as two more are found willing to enter, they will organize and arrange their schedule on a four team basis.

BIG TEN COACHES PLAN CONFAB, DEC. 5

Western Athletic Schedules Will Be Arranged in Chicago Conclave

Chicago — The annual schedule meeting here Dec. 5 and 6 when Big Ten athletic dates will be agreed upon promises to be an interesting scramble to have a strong hold on the "Chicago" schedule largely because of its drawing power in the home and home series, Chicago draws better in Columbus than it does at home.

CHICAGO'S NEW STAND
With the construction of a new stand at Chicago, which will be ready by fall, and the possibility of a game with Pennsylvania, since Princeton has retired into its shell, there is a chance that Chicago will adopt the Illinois idea of playing any team at any time of the season. Heretofore the Chicago schedule has been arranged so that the weaker teams were played before the stronger ones, thus permitting Stagg to cover up his style prior to an important game. This system cannot be said to produce a real championship team.

Illinois' max change the plans which now call for alternate trips to Minnesota and Michigan. Whether the fact that Harold Grange was jumped on after he was downed out of bounds will bring any friction between Minnesota and Illinois remains to be seen.

ZUPPKE TO STAY AT ILLINOIS
Coach Zupke is to remain at Illinois. Before Haughton was called to Columbia, officials of the latter school sought Zupke for the eastern job. Since that offer, however, he has not had any outside bids for his services. Princeton, which was thought to be coming, has preferred an alumnus as a coach.

BLUE GRIDDERS REWARDED FOR BRILLIANT WORK

Eighteen Lawrentians Get Golden Footballs for Championship Season

Eighteen Lawrence football veterans are slated for golden footballs, the reward for a season's hard work which brought them the Midwest championship under the coaching of Coach Catlin, while six who worked as hard but put in less time in regular games will be rewarded with "ALA" the coveted letter of the Lawrence Athletic Association.

Fifteen freshmen gridders who turned out all through the season will be given class numerals. Since the Midwest conference adopted the ruling which bars first year men from all interscholastic contests the yearlings have been forced to grind through their initial season without getting into a game, and great credit is due those who stuck through the fall without the excitement of meeting a real opponent in actual battle.

The following are listed for golden footballs: Catlin Jake Stoll, Kless Lind, Feind, Packard, Olsson, Cooke, Gander, Hipke, Dunham, Counsell, Kotal, Heideman, Brisse, Boettcher, Zuesman, Nason, Holdridge, Nobles, Stark, Bayer, DeLoraine, Nobles, Schini, Steensland and Sherman will get an "ALA" each. Marvin Keil, football manager, also will get the Lawrence Athletic Association letter.

The freshmen honor roll includes Anderson, Bath, Bent, Coppa, Empson, Fellenz, Gray, Johnson, Kummer, Knapp, LeBeau, Lander, Mills, McInnes and McCandless.

One Sided Cue Match

This photo shows Ben Newman, the Wilbe Hoppe of English billiards, playing a shot in a recent match with Alex Smith, a supposedly formidable challenger. In this match, however, Smith played the part of the innocent bystander. He was merely a spectator. Newman ran 669 points up without giving Smith a single chance to make a button.

TIS P. SAPP — Who on finding that his dog was mustarded on only one side returned the barking beast and demanded an equitable compensation.

Connie McGraw: Who admitted that if it really took brains to manage a ball club he would be back in Peoria sewing warts on pickles.

JOHN L. LEATHERLINGS: Who sat through an 11-inning game without once getting up and shouting "Attaboy!"

Bad Eye O'Brien: Who on being praised for calling a close one at the plate right, pointed out that it is human to err.

Gladys Gush: Who by the exercise of tremendous restraint, refrained from screaming in a high soprano voice when a foul ball hit the screen in front of her box.

Glass Arm Jake: Who told reporters that the error made by the shortstop on a bunt in the seventh inning had nothing whatever to do with his losing a 28-to-2 game to the Phillies.

Tyrus Gumfoot: Who, although thrown out at second by 17 kilometers, leaped to his feet and congratulated the umpire on his efficiency.

Prof. Socrates Wise Egg: Who has written papers on everything from the "Reconstruction of the Universe" to "What's Wrong With Foul Penders," but who refused to be interviewed on "The Passing of the Spit Ball."

BILL SQUIRES: Who saw every game the old Baltimore Orioles played, yet concludes that the game as she is played today ain't no worsen.

Bunts and Blunders: Well known sporting writer who did not blame the "breaks" when the Blue Sox, picked to win the pennant, finished last.

Money Bags McGuff: Who declared to put circus seats in center field for a Sunday game, believing the overflow crowd would interfere with his outfielders.

APPLETON HIGH QUINTETS START TOURNEY MONDAY

Regular Basketball Workouts Will Begin After Class Tournament

Basketball will get its official start at Appleton high school Monday when freshmen, sophomores, junior and seniors meet in the preliminaries of their class tournament in Armory G, where all of this year's games will be played. This tournament will give Coach Jule Kevin a chance to pick material for the coming year to supplement the veterans of last year's championship team. Kevin has been watching the work of some of his schoolers in the Y. M. C. A. gymnasium as well as in the gymnasium classes, and looks for a successful season.

Courtney, last year's all-state guard will lead the cage squad this season. Flaxer, a discovery of the state tournament, will be back, as well as Hieble and a number of last year's second stringers.

Officials for this year's games have not been named as yet. Athletic representatives of the Valley conference schools will meet during the first week in December to attend to this detail.

All practice this year will be held in Armory G, where the regular games also will be played. The Lawrence cagers will have the use of the floor from 3:30 to 4:30 while the high school "masters" will drill there an hour later.

CLINTONVILLE BOWLS TO BEAR CREEK FIVE, 17-8

Bear Creek Friday evening won its fourth basketball game of the year, 17 to 8, at the expense of Clintonville. Bear Creek has played five games this year, losing only to Milton. The score at the end of the half was 12 to 6. L. Penney caged five baskets for Bear Creek and easily was the individual star of the game.

KIMBERLY BASKETBALL FIVE DEFEATS SEYMOUR

Kimberly Independents Friday night opened their season on the Kimberly court with a 32 to 13 win from the invading Seymour Athletic club team. At the end of the first half the Kimberly quint was leading, 13 to 5.

H. Beck of Seymour caged the best four times from the field. Adolph Churchman, Kimberly made 6 baskets and 2 fieldgoals and his teammate William Natrop caged the sphere 3 times.

FIFTY CAGERS TURN OUT FOR DRILL AT CARROLL

Waukesha — Basketball practice is well under way in Carroll college's new gymnasium with a squad of 50 men in 11 outfits for the team. Several of the veterans, including Capt. Lyons, are rapidly getting into the form that enabled Carroll to cop second honors among Little Five can tenders last year. Sam Todd, Frederick Schuler, Gilbert Sterr, Arthur Ruchl, Vernon Thomson and Delbert Stacy are among the veterans. For the first year in Carroll athletic his lory freshmen will not be played in conference games.

Domestic Skill Makes Marriage Less Risky As Happiness Gamble

Mother Nature Is Good Match-maker but Mighty Careless Cooking School Teacher

BY CYNTHIA GREY

When a man asks a woman to marry him, this is what he's really saying to her:

"Will you love me always, and mend my clothes, and have my meals on time, and bring up my children, and live within my income, and be cheerful through it all?"

And the woman, who is usually young and heedless and terribly in love, answers "Yes" as a matter of course. For she's obeying a law of nature when she marries.

Old Mother Nature, who is an incorrigible match-maker, doesn't care a fig whether a girl is prepared to be a good housewife or not. Her job is finished when the minister finishes his—at the altar.

Of the thousands of autumn brides this year, not many are trained for their job. The bride who can beat up a painful of fluffy biscuits and broil an inch-thick steak is a rare as a white peacock—and worth her weight in platinum as well.

As a matter of fact, mothers don't train their daughters for the work ahead of them as wives. Girls are taught to dance and play the piano, to be pretty and teach school and a hundred other very fine and useful things.

But not one in fifty ever goes into the kitchen and the sewing room with her mother to learn the all-important profession of housekeeping.

A girl gets much advice about being sweet and "baggins" her man but not much about caring for him after ward.

FIRST YEAR THE HARDEST

Almost every young couple has been told that the first year is hard—just that it's the difficult time of adjusting and adapting yourselves to each other's ways.

And so it is. But much of the trouble could be avoided if the bride

knew a little more about making up a household or sewing on buttons. The girl who knows how to run her house right from the start has twice the chance of having a happy one than the girl who is just learning.

For example, there's the problem of entertaining. It doesn't cost much to make a bowl of salad, some rolls, and coffee and have a few friends in for Sunday night supper. And a dozen of such evenings will add more color and fun to life.

For a group of friends in common is one of the strongest ties married people have. No matter how much in love with each other a man and his wife are, there's something lacking in their lives if they don't know other couples to visit occasionally.

For all of us are grown-up children, more or less, and the most serious minded man in the world needs to relax and forget his cares in an evening of one stepping or mah-jongging now and then.

GIRL HAS MUCH TO LEARN

Home making in its best sense isn't drudgery, but art. It takes the eye of an artist to know that an orange-colored cushion and a bowl of yellow nasturtiums would brighten up the gloomiest corner of the house. And then if you can go ahead and make the cushion and grow the nasturtiums in a window-box you're not only an artist but an economist besides.

There's undoubtedly a lot for a girl to learn if she is going to keep her home the place of comfort and charm that it can be.

And it's ever so much better if she starts out knowing even half as much about the work ahead of her as her husband knows about his job of providing the money to keep the house going.

We wouldn't think of letting our daughters marry men who didn't have a job or weren't able to support a home of some sort, would we?

Then why in the world don't we think more seriously of getting our daughters ready for the Real Adventure, as well? (Copyright, 1924, NEA, Service, Inc.)

LETTER FROM LESLIE PRESCOTT TO LESLIE PRESCOTT, CARE OF THE SECRET DRAWER, CONTINUED

Of course, little Marquise, I dropped all preparations for my party and just sat down and waited.

I wonder if you know what it means to wait for the inevitable? No torture in all the world is so terrible—when you know that nothing you can do will change in any way what is coming to you, and you must wait and worry.

I thought over carefully all the peculiar incidents that had occurred since Alice had clasped the pearls about my neck on my wedding day. I told myself that although I had not told Jack about them, yet I myself did not know they were real until months afterward.

Whatever I thought, however, I always came back to the fact that Jack, filled with rage, would soon be with me asking for information, and that he would probably be more furious when he learned the truth. I wondered wearily if I could go on with the party if the whole matter was not settled some way before the next night.

Through all these unhappy thoughts came the question: Who could have told Jack? No one but Karl. Alice Ruth and myself knew the whole story, and I am sure not one of them would have told. I was sure of Karl and Ruth, but—surely my sister would not do such a despicable thing!

The clock kept ticking. "Wait and see—wait and see—wait and see—"

While I was trying with what patience I had to take the impatient little clock's advice, the phone again rang. Sally Atherton was on the wire.

"Sav, Leslie, I don't want to but in on your affairs, but I just want to put you into something I think you ought to know. I heard your husband telephoning you about a string of pearls I didn't mean to listen, but he was so excited he was talking at the top of his voice, and you know my desk is in the same room."

"This morning, I opened a letter from New York that was not marked personal, and found that some scoundrel had written Mr. Prescott an anonymous letter asking him if he knew that lovely string of pearls you had been wearing was real."

"Now, I don't know whether those heads are real pearls or not, but I just wanted you to know that Mr. Prescott got his information anonymously."

"I'm going to break my solemn vow and come to your party. I had not intended to do so, but I am so angry over this anonymous letter that I want you to know that if I can do anything to help you in any way, I will do it."

Of course, I thanked Sally, and I was glad to know where Jack found it all out, but I could not help feeling unhappy that any one knew that Jack and I were quarreling.

All the while she was talking to me I was wondering if it could be possible that my own sister could be so horrid as to have written a letter to Jack. I could think of no one else who knew about them who would do so.

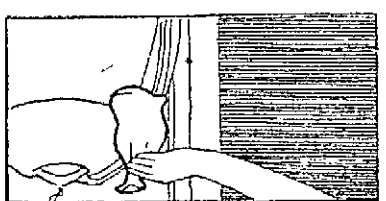

Prettily soon Jack came in and threw a letter into my lap. (Copyright, 1924, NEA, Service, Inc.)

TOMORROW: The letter continued.

Household Suggestions

TO REPEL MOTHS

Bags of dried lavender hung in the closet are said to repel moths.

DELICIOUS BREADS

Nut, raisin and date breads are delicious and make a change from the standard wheat or graham loaves.

USE HARD CHEESE

Hard cheese that is not fit to serve at the table may be grated and served with soup.

LIKE BACON FAT

The French use bacon fat in salad dressings and like it better than any other oil for that purpose.

FOR FISH CAKES

Bits of green pepper and a few drops of onion juice improve the flavor of fish cakes.

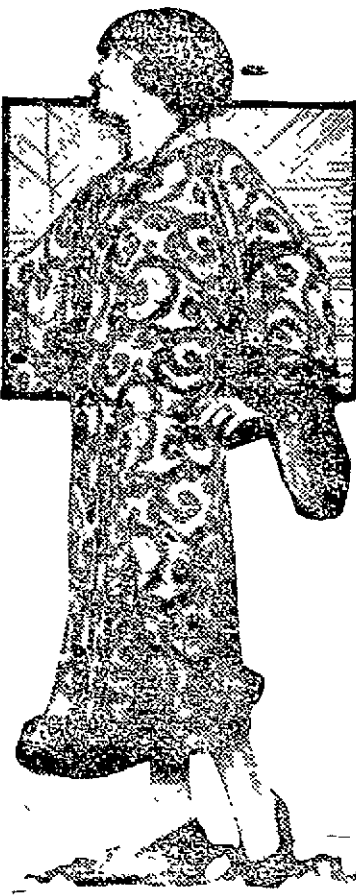

HOW TO CLEAR WATER

If the water for laundry purposes looks muddy, clear it by stirring a teaspoonful each of alum and borax dissolved in a little hot water, using

this proportion for each gallon of water. Then let it stand until the mud has settled to the bottom and siphon the clear water into another receptacle with a short length of garden hose.

Decorative Frock

Here is a decorative frock made of velvet brocade in a very tender shade of blue banded with black fox fur. The wide flowing sleeves are graceful indeed and the cut of the skirt which allows the front to be very full is unique. These brocade velvets come not only in one-toned materials but in very rich mottled and pinstriped effects and with a different color in the figure than on the plain surface.

Adventures Of The Twins

THE WHITE CROW TALKS TO MRS. GOOSE

The white crow left the Twins and Mister Film Fun sitting on the front porch of the House That Jack Built and flew away to his nest on the highest mountain in the world.

There he waited until he heard the whirr and the swish that meant that Mother Goose was coming on her broom.

"Oh, I beg your pardon, Mister Crow," said Mrs. Goose. "I thought you had gone. I'll come back and sweep out your room and make your bed a little later."

"Wait, I was waiting to see you just on purpose," said the white crow. "I want to sit on your broom and take a trip over the world. I fly too slowly and there is need of haste."

"How now," cried Mother Goose. "What's the trouble?"

"Strange as it may seem, Mrs. Goose," said the crow. "I am looking for your husband. I want to find Daddy Gander, and his magic dust pan."

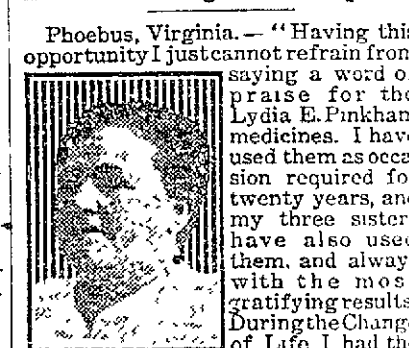

As he went back to Mother Goose and with the Twins and the House That Jack Built, said the old lady.

"Much you know Mrs. Goose," said the crow. "hey did find Jack's house 'his true but ever so many things have happened since then. The Twins were alone in the house when it blew over again and got stuck on this mountain Daddy Gander had left them for a few minutes and now he's not to be found."

"So poor Jack's house that he took so much trouble to build is still lost," cried Mrs. Goose in dismay. Poor Jack and Jill and their mother, Mrs.

FROM PERSONAL EXPERIENCE

Mrs. Bradford Recommends Lydia E. Pinkham's Vegetable Compound

Phoebe, Virginia.—"Having this opportunity I just cannot refrain from saying a word of praise for the Lydia E. Pinkham's Vegetable Compound. I have used them as occasion required for twenty years, and my three sisters have also used them, and always with the most gratifying results. During the Change of Life I had the usual distressing symptoms,—hot flashes, insomnia, etc.—and I am pleased to testify to the wonderful results I obtained from the Vegetable Compound. I heartily recommend it to any woman and I will be pleased to answer any inquiries that might be sent to me through the publication of my testimonial."—Mrs. H. L. BRADFORD, 109 Armistead St., Phoebus, Va.

Consider carefully Mrs. Bradford's letter. Her experience ought to help you. She mentions the trials of middle age and the wonderful results she obtained from Lydia E. Pinkham's Vegetable Compound.

If you are suffering from nervous troubles, irritability, or if other annoying symptoms appear and you are blue at times, you should give the Vegetable Compound a fair trial. For sale by druggists everywhere.

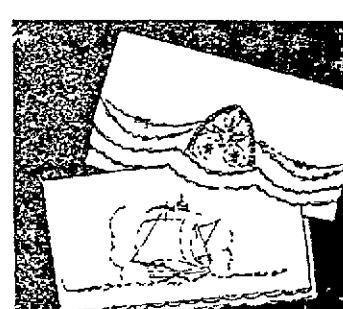

Wasp Waist Is Despised By Fashion

When France admits that the wasp waist has gone for aye, the girl whose waistline has increased an inch in the last ten years (and statisticians tell us it has) may breathe freely in her new found comfort. That very famous French society, the Academy of Medicine, recently turned its attention to the popular subject of feminine fashion, which it discussed solely from the angle of health. One medical savant paid tribute to the figure of today. Venus de Milo herself, he said, would be happy to wear the latest creations in woman's wardrobe. According to this expert observer, the marked hygienic improvement in woman's attire is evident when one compares today's styles with those of a generation ago when "wasp" waists distorted the human form. He pointed out that present-day fashion is most conducive to health because it does not hamper the freedom of any essential organ by dangerous compression. His only criticism was directed at the French heel, which he said made the shoulders droop. He suggested wearing sandals at home every morning and lifting the knees high when walking to counteract the dragging effect of the heel. Another member of the Academy was not kind in his comment on twentieth-century style. He condemned the hollow-cheered out line and the thin, flat figure beloved by the smart set, but few of his conferees saw any serious harm in these dictates of the mode.—From The Designer Magazine for November.

when she gets her house back and finds her bread gone." Suddenly the white crow said, "Listen, I hear something. We must be flying over Yum Yum Land now." "How do you know?" asked Mother Goose. "Because I hear them going 'yum, yum' as they eat," said the crow. "It's dinner time." (To Be Continued) (Copyright, 1924, NEA Service, Inc.)

GUEST TOWELS

Every home should have a number of different kinds of guest towels. Embroidery and scalloped edges are always attractive. Pink, blue and lavender French knot designs are quite pretty. Care should be taken that hand work is made to prevent fraying.

Should Men Play as hard as they work?

Before one reaches voting age, he hails as a prophet the fellow who said "All work and no play makes Jack a dull boy." Perhaps youth gets its envied vitality from abundant play—

Certainly the strenuous business man needs more balanced recreation than the lighthearted youngster. And the confining months of winter grind more tellingly on the constitution than the outdoor days of summer.

Here Today—Play Tomorrow

This winter a summer playground can be reached from Chicago without the loss of a day. At noon, say good-bye to sputtering radiators, frosted windows and chilly feet. Next noon drink the exhilarating ozone and beaming sunshine of the beautiful Mississippi Gulf Coast.

Your choice of sports: golf, tennis, fishing, hunting, riding, boating, bathing. Splendid hotels at rates comparable to your favored summer resort—through the winter men may bring their families to this glorious clime and "commute" so to speak on the luxurious Panama Limited.

Plan now to enjoy this winter on the beautiful Mississippi Gulf Coast. We will help you.

Our Mississippi Gulf Coast Booklet gives many valuable pointers. Write for it.

To a Vacationland REACHED OVERNIGHT—this Announcement is dedicated.

Because of the growing popularity of the beautiful Gulf Coast of Mississippi the Illinois Central will improve service and quicken the time effective December 1st.

The famous Panama Limited leaving Chicago 12:30 P. M., provides through sleeping car service. Arriving Gulfport 11:55 A. M. (next morning) Immediate connection same station—special service—for Biloxi, Ar. 12:45 P. M., and Pass Christian, Ar. 12:45 P. M.

Fastest time to the Gulf Coast. Biloxi by 6:45 hours, to Gulfport by 7:15 hours, to Pass Christian by 7:45 hours.

How To Make Homes Cozy

GLAZE CHINTZ AT HOME

A good substitute for glazed chintz can be made easily at home. Stretch the desired length of cretonne tight, by over a curtain stretcher or some other frame, and cover with two coats of linoleum varnish. The varnished cretonne will equal any glazed chintz.

FASHION HINTS

A stunning new wrap of natural quilled is cut in an unusual shape and opens out into a flat place. When on the figure it assumes the closest and narrowest lines.

Leather collars in Peter Pan or Buster Brown shapes and turn-back cuffs of the same material are smart accessories for the serge or jersey dress.

Evening hats of mulline or tulle have brims composed of several layers of the material that make a most flattering frame for the face. Monkey fur is frequently used as a trimming.

High colors are very much the vogue in Paris but designers have here modify the effect with convertible levers and flat ribbon scarfs that contribute a graceful finish.

FRUIT CARAMEL

Doesn't this sound good, rich caramel ice cream, filled with those large whole cherries. Just try it for your Sunday dinner.

WORKMAN WHO FELL OFF BRIDGE SEEKS PAY FOR ILLNESS

Blake Paving and Construction Co. Employee Asks Compensation

Compensation for an illness resulting from accident during the building of the Mud Creek bridge two years ago was asked for Edwin Blank at the workmen's compensation hearings conducted in the courthouse this week by R. G. Knutson, LaCrosse, a member of the state industrial commission.

The applicant was employed by Blake Paving and Construction company in the construction of the highway bridge over Mud Creek in 1922. On or about Nov. 17 of that year he fell off the bridge and was drenched to the skin.

Four weeks after the accident he consulted a physician for bronchial trouble, and the following February a physician diagnosed his case as typhoid and tuberculosis. It was testified at the hearing this week that the tuberculosis had resulted from the exposure in the bridge accident. A decision in the matter will be made later by the industrial commission. Morgan and Johns represented the insurance company, the Mutual Builders; in the case.
